OLD TIME RESIDENT SUICIDE NEAR CUMMINGS

James Taylor committed suicide by shooting himself at the Red Mountain ranch, near Cummings, last Saturday morning. The act was premeditated as he told his room mate the day previous that he was not long for this world. He was 96 years of age and had always led a very active life but he had started to break and he did not want to become a county charge, although Mrs. C. Huse, with whom he lived, had promised him a home as long as he lived.

James Taylor was born in Canada and had been a woodsman all of his life. He came to Mendocino county more than fifty years ago and made Westport his headquarters up to about six years ago when he went to the Red Mountain ranch and got out the timbers for the house. After finishing the timbers for the house, which were hewn by hand, Mrs. Huse kept him employed at various things as he was a very useful and all round man.

So far as known he leaves no known relatives but he has scores of friends all up and down the coast and all of the old timers will remember him.

A coffin was sent out from Willits and the funeral took place at the ranch after the inquest had been held.

THE RAINFALL

The rain for the past storm up to last evening at 5 o'clock had amounted to .74 of an inch, making a total of 5.23 to date for the season, against 1.74 to date last season.

Supervisor Frank Reynolds was here the first of the week to attend the meeting of the board of supervisors.

Lady Maccabees Visit at Santa Rosa

Five representatives of the Ukiah lodge of Lady Maccabees motored to Santa Rosa this week for the purpose of visiting the Santa Rosa lodge. Those in the party were Mesdames J. R. Jameson, Wm. Gibson, Ina Gibson, Arthur Burnham and Daisy Winkler.

Following the regular business meeting, presided over by Mrs. J. R. Jameson as visiting commander, the lodge members adjourned to the banquet room, where an elaborate menu was enjoyed.

Mrs. Jameson invited the lodge members and degree team to this city to put on the initiatory work for 12 candidates on the 9th of December. There will be an all-day session, with a dinner and general good time.

HOUSEN & HIGGINS TAKE NASH AGENCY

The well known automobile firm of Housen & Higgins announce their appointment as agents for the Nash line of cars and trucks for Mendocino and Lake counties.

"We believe we have secured a very lucrative contract, declared Housen & Higgins, when interviewed regarding their new acquisition. Every Nash owner speaks highly of the car and the service it renders. The Nash line includes a five-passenger six, Seven-passenger six, Sport model six, coupe and sedan. The Nash Four will soon be here in a roadster, five-passenger, Coupe and Sedan. The FOUR sells for $1665.00 and is an exceptional value for the money. All Nash cars come equipped with Cord tires. The truck line includes a one-ton, two-ton and the famous Quad.

"Our new building which is under course of construction at Smith and School streets will be the most up-to-date in the county, and would be a credit to towns of much larger size than Ukiah. No expense is being spared in construction inside and outside. We will be equipped to handle our Chevrolet and Nash customers in a highly efficient manner, and the same good service we have been giving during the past eight months, will feature our new establishment.

FARM BUREAU DIRECTORS MEET HERE YESTERDAY

The directors of the various farm centers throughout the county met in this city yesterday in a very important session. Among those in attendance from outside the county was Prof. Crocheron, head of the farm bureau department of the state university.

Various of their problems were discussed by the directors, Prof. Crocheron lending the benefit of his counsel to the questions which came up for discussion.

STAG PARTY

Messrs. Housen & Higgins were hosts last Wednesday evening at a stag party at their bachelor quarters on Clay street. An appetizing dinner was served, Housen acting as chef, and the guests who partook of the boys' hospitality say that he is an expert.

Following the dinner the evening was spent in masculine style with reminiscences and yarns and "smokes."

Among the guests were Atty. C. M. Mannon, Postmaster W. B. Hagans, Judge-Elect H. L. Preston and Bert Miller.

A BIG CROWD OUT TO ARMISTICE BALL

The second Armistice Day ball to be given by the American Legion, was held last evening at Cleland's hall, there being a record crowd in attendance. The hall was beautifully decorated in the national colors, greenery and flags, while the stage was banked with ferns and flowers.

Excellent music by the Hotel Oakland orchestra contributed in no small degree to the success of the occasion.

INSTITUTE NEXT YEAR TO BE HELD AT EUREKA

The teachers' institute next year will be held at Eureka, according to the program decided on at the recent institute at Willits. The counties of Mendocino, Humboldt, Trinity and Del Norte have banded together in an organization to be known as the north coast section of the California Teachers' Association. It is believed that the gathering together of a greater number of teachers than has been possible under the past plan of single county institutes will be productive of much greater benefits to the teachers, inasmuch as there will be a greater field for the exchange of ideas.

Mendocino county will be the gathering place at the 1922 session of the four-county association.

It is not too early for Ukiah people to begin to plan on bringing the meeting here. The difficulties to be overcome are those in regard to obtaining a suitable hall and the obtaining of accommodations for the five-hundred-odd teachers and lecturers who will be here.

Mrs. D. W. Chilson came up from San Francisco Wednesday for a few days' visit in this city. She states that she and her husband are at present located in San Francisco, but that they may return to the Hawaiian Islands in the near future. Her many friends were glad to see her. She says D. W. is in splendid health.

FORMER RESIDENT DIES IN NAPA ASYLUM

J. H. Schaeffer, a former well known resident of this place, who owned the property now owned by the Giorno family, passed away at Napa asylum last Friday and the remains were brought to this city for interment, the funeral taking place Wednesday under the auspices of Masonic lodge.

The deceased was a native of Switzerland, where he was born in 1842.

At the time of his incarceration in the hospital he created a considerable sensation here by setting a number of man traps about his home, which, if anyone had got into them, would have inevitably have killed the unlucky victims. Previously to mental collapse he had been a respected and law-abiding citizen.

He leaves no relatives, his wife having died some years ago.

DEATH OF MRS. HOFMAN SHOCK TO COMMUNITY

Mrs. Sophie Hofman, widow of the late C. Hofman, passed away very suddenly in San Francisco November 7. The news of her death came as a shock to local relatives and friends.

RAIN BRINGS CHEER TO DESPAIRING FARMERS

The long cold snap was broken Wednesday night about midnight, when a rain set in, cold albeit, but nevertheless moderating the temperature to a much warmer figure than has obtained for over a week past.

The rain brings much cheer to the farmers and stock men, who were beginning to fear that the dry, cold spell would seriously injure the feed on the ranges, as well as the growing grain. Feed was started in good shape by the rains of several weeks ago, but the winds since have dried the ground out, and the grass was beginning to turn brown on the hills. Crops which had been put in also were beginning to feel the effects of the drouth.

Mrs. Frank Cunningham is a San Francisco visitor this week.

MILLER FILES SUIT TO COLLECT COMMISSION

Curtis A. Miller, of this city, has filed a suit in the superior court at Modesto to collect $450 commission on a real estate sale. C. J. Chandon is named as the defendant.

The complaint alleges that Miller had a written agreement with Chandon to sell the land at $9000. He found a buyer at that price in the person of George Wignall, but when ready to close the deal with Chandon, the latter raised the price to $12,000 and refused to sign the deeds for less.

The land is located at the forks of the state highway and Lake county road north of this city.

Miller claims that inasmuch as he found the buyer at Chandon's figure, as stipulated in the contract, he is entitled to the commission, which, at 5 per cent, amounts to $450.

The case will be tried in the Modesto court.

GIVE MOTOR TRUCKS THE ROAD IN WET WEATHER

When a heavy motor truck is swinging around a curve on a wet day it is the part of wisdom for passenger cars to give it a good wide berth. If the rear end of the truck starts to skid it is likely to annihilate any light passenger car that gets in its path.

"It is this danger of skidding that is one of th truck drivers' big worries on a wet day," said a veteran truck operator of the United States Tire Company recently. "I've seen small passenger cars smashed to pieces in this way on curves. When the tail end of one of these big fellows starts to slip there is no telling where it will stop. Sometimes it swings against the curb and other times knocks over telephone poles. If a passenger car happens to be in between, it hasn't much chance.

"My recommendation to the drivers of passenger cars is to give the trucks plenty of room on slippery days."

DISPATCH-DEMOCRAT

WILLITS NEWS OF PAST WEEK

WILLITS, November 8.—John E. Harriman died here yesterday afternoon after an extended illness. For some months he had been afflicted with cancer of the stomach and the end had been expected for some weeks. His wife is also an invalid and she is not expected to live long.

Mr. Harriman was born in New Hampshire, November 29, 1859, but had spent most of his life in Michigan. Twelve years ago he sold his farm in Michigan and came to California and had lived here for some years. The funeral will be held this afternoon.

The State Mining Bureau has made a report on the shale taken from the Willits oil well and they say it is similar to that found in every oil section. There is now some traces of oil and natural gas coming up through the water. The well is now down almost 500 feet.

Hawthorne Camp, W. O. W., expects to initiate a class of sixty woodchoppers at the first meeting in December. All of the camps in Mendocino county have been invited to participate.

ODD FELLOWS PLAN BIG DISTRICT MEETING

Ukiah Lodge, I. O. O. F., will hold a district meeting next Tuesday night, November 16th. All of the Odd Fellows lodges in Mendocino and Lake counties and the Cloverdale lodge have been invited to participate. Large delegations are expected here from Willits and Lake county and all of the other lodges will be represented. The Lakeport lodge will exemplify the first degree as their degree team is said to be the best in this part of the state.

Monday night Cornelia Rebekah lodge had a great ge-to-gether meeting and had a delegation of thirty Willits visitors for their guests. The Willits degree team put on the work.

OUR PUBLIC SCHOOLS

(Published by Request)

(The Dispatch-Democrat assumes no responsibility for anything published in this article. We will give space freely to any who care to answer any statements or allegations contained herein.—Editor).

No person, fit to be an "American," would advocate other than liberal financial support for our "public schools." If our public school is to be kept the "nations's hope," the public must bestir itself in a vigorous and aggressive manner.

Amendment twelve deserved defeat, (not on account of cost to individual taxpayers), because it is a sure breeder of extravagance, which is criminal anywhere, and especially so in our public school.

"Sixteen" deserved beating, as it carried teacher dictation in forcing 10 per cent more of county funds for teacher salaries. Every school measure should be defeated until the state gives one that will assure the same common school privileges to our pupils, be their home in San Francisco or Calpella.

Our teachers are aiming at control of public schools absolutely and entirely by teachers. This is plain to all who give our school sytem any thought. Beware lest you lose your local boards of trustees. The cry is, keep our schools out of politics! Amen!

At our recent Institute the "high school sessions" were political meetings, "pure and simple," dominated by a pair of aggressive teachers, whose tactics many teachers denounced, and trustees declared rude, almost to the point of insult. Think of taking time, for which they are drawing regular pay for school work, to further the passage of a measure that appeals mainly to teachers, and all the while preaching, "keep schools free from politics."

Institute must not be held nearer than ninety days of election. There were some fine things at the Institute for which our superintendent deserves credit. The lectures were exceptionally good, and the music elegant and we were favorably impressed with a majority of the teachers.

On the other hand, the superintendent, who says "I am for the teachers all the time," owes the public an apology.

We have teachers in this county with no normal training who are second to none. In regard to Mr. Good's declaration for normal training or no renewal of certificates, several very capable teachers decided, "people living in glass houses should not throw stones."

The public must demand our county examinations, and, regardless of whether our boys and girls ever saw between the covers of a book, if they meet the requirements of said examination, and get a school, let their work decide whether or not they are fit teachers. Any other course is unjust, particularly so to the large number of worthy young men and women with little or no money.

I expect to write a series of articles on our school and its connections, giving facts without fear or favor, as I am deeply interested as all good citizens should be.

My aim will be absolute justice to all concerned.

(Signed) OBSERVER.

MODERN CRANKCASE CLEANING SERVICE

We use CALOL FLUSHING OIL and ZEROLENE

Dirt in your Engine Oil—Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The Calol Flushing Oil we use is the new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfactory performance you expect.

Today: Bring in your car for Modern Crankcase Cleaning Service.

Bergougnan's On High Priced Cars Prove Medium Priced Cars Should Use Them!

The man who can afford to pay any price for tires, decides on Bergougnans because they give him MORE mileage and FREEDOM FROM TIRE TROUBLE. He selects this tire because it is cheaper for him in the long run. It is this sort of "canny" buying that makes such a man rich!

You can follow the millionaire's example. What he has found to be the most profitable on a big heavy car, is doubly profitable for the person who drives a light, medium priced car.

Every tire INSURED; backed by a bond! You get the insurance with every tire you buy—GUARANTEEING you 6,000 miles for fabrics or 8,000 miles for cord tires. THINK IT OVER!

COAST NOTES

FORT BRAGG, Nov. 10.—Abbe Dorffi, a well known pioneer of the Noyo section, was struck by an automobile as he was walking along the county road Saturday night. He was knocked down and badly shaken up, one of the bones in his arm between the wrist and elbow being broken. The driver didn't stop. The accident occurred near the top of the Noyo grade.

George Roach hauled two hogs down from Westport yesterday morning which tipped the scales at the Bishop Market at 672 pounds, the largest weighing 349 pounds. They were raised by the Wesport Tie Company, and were just a year old.

George Lynch, who was born and raised at Cuffey's Cove, died Thursday in San Francisco, aged 34 years. He was a nephew of Mrs. J. Devereux of Cleone. He made his home in Honolulu for a number of years past.

Charles R. Waara of Fort Bragg and Miss Jennie Niemela of Navarro were quietly married here Thursday evening by Judge J. K. Piersol. Both young people are well known here where they have many friends.

Ed Stoddard has completed the work of hauling the machinery from Point Arena to Dave Brandon's mill site on the south bank of the Noyo River. There were eight truck loads in all. Ed Holmes is now engaged in assembling the mill and has the foundation laid.

Thirteen tons of seed peas were raised on the north coast this season for C. C. Morse & Co., bringing the growers $2,080 delivered in Fort Bragg. King Brothers of Wages Creek raised ten tons of the above on seven acres, and the remaining three tons came from Ira Thompson's ranch at Howard Creek.

A device for pulling launches out of the water and accommodations for storing same are being put in by the Windlinx Hardware Co. in connection with their machine shop at the Noyo. There will be sufficient room to store thirty launches when the work is completed.

While driving down fourth street yesterday noon, Phillip Regalia of Fort Bragg collided head-on with an electric car coming up the street. He tore the steps from the electric car as well as a part of the front guard, and was thrown back nearly two car lengths with his brakes set as a result of the blow. His car was badly damaged, both head lights being smashed and the guard crumpled up as well as other damege being done. It is said the accident was due to carless driving. Both occupants of the car escaped serious injury. Santa Rosa Press-Democrat, Nov. 6.

E. V. Jones, on of Potter valley's stering citizens, was in town Tuesday on business.

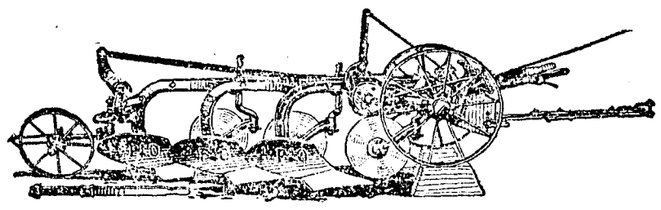
COX HARDWARE CO.

Ukiah, Cal.



A "Low-Down" Plow

A GLANCE at this plow will remind you of the Dachshund dog, which someone once referred to as "the dog that was raised under the bureau." The P&O Little Genius Tractor Plow in the type shown above is built especially to crawl around under the trees and vines of orchards and vineyards without catching and damaging the overhanging foliage.

It is also made with a *narrow wheel tread,* the front furrow wheel being set in line with the rear bottom, and the plow can be run in as close to the trees as the conditions warrant.

The bottoms cut 10-inch furrows, consequently the three-bottom orchard and vineyard plow has practically the same capacity as two 14-inch plows. The small tractor that pulls an ordinary two-furrow plow will pull this three-furrow orchard plow with the same ease.

A "One-Man" Outfit

The Little Genius is a power-lift plow, and *one man operates both tractor and plow,* the bottoms being raised and lowered by one trip rope, placed within easy reach of the operator, who controls the plow from his position on the tractor. Both wheels can be raised for opening the first furrow to a depth of 8 inches. The wheels have wide tires to prevent them from sinking into loose soil. Made also in the four-furrow size.

Has all the features of strength, simplicity of construction and ease of operation that have made all P&O plows just a little better than good plows in general.
